At the City of Paris we pride ourselves in the daily contribution to individual and community well-being. We believe that by sharing common values we can increase the opportunity of each individual in the community. We wish to grow our community's industry and job opportunities while still maintaining our small town values.

We strive to provide our community with the best service possible. We work hard to make sure Paris is a safe, friendly, beautiful place to raise a family. Our staff is readily available to help our customers with any problems or concerns they may have.

We take pride in our City and hope our Residents do the same!
