Monroe County Service Company is a locally owned cooperative, founded in the early 1930s by local farmers and producers in the hopes to provided agricultural products and services to Monroe County producers.

Over ninety years later Monroe County Service Company still offers those same services and more to the producers and community of Monroe County and several surrounding counties.

MCSC prides itself on providing products such as agronomy, feed, refined fuels, and seed, while upholding the cooperative values of supporting those that support the cooperative.

Annual patronage payments are still made to that patrons and members of the cooperative as well as a proud supporter of local 4H chapters, local schools, and community organizations.
